

Wattstopper+ System Architecture

Cable Legend

-  Greenbus₂
-  Ethernet
-  RJ50
-  Mecho Bus

Power Legend

-  Powered by Greenbus
-  Line Voltage
-  Low Voltage
-  Battery

Notes

- 1 - 8 Channels Per Wired Manager
- 2 - Greenbus Recommendations:
 - 1. Data cable #18/2
 - 2. Polarity insensitive and topology free
 - 3. 100 nodes MAX per channel
 - 4. 2500' MAX run length per channel

- 3 - 100 Wireless Devices Per Manager
- 4 - Factory Installed
- 5 - Additional Dashboards and Integration Available via i3 Software See SCI for Additional Details
